EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Belasco on 7-10-06.

The application has been amended as follows:

As to claim 83, replace lines 7-9 (" at least one...said end seals; ") with – at least one of said first and second end seals having a solid membrane central portion with one side that partially defines the cavity and another side that is exposed to the ambient when in a closed position, said central portion permitting introduction of a syringe needle through the longitudinal axis of said end seal; --.

As to claim 85, replace lines 7-9 (" at least one...said end seals; ") with – at least one of said first and second end seals having a solid membrane central portion with one side that partially defines the cavity and another side that is exposed to the ambient when in a closed position, said central portion permitting introduction of a syringe needle through the longitudinal axis of said end seal; --.

The above amendment was necessary to overcome the Phillips '056 reference, whose seal 18 includes a hollow portion 20 (not "solid", as is now claimed), and whose line 26 necessarily precludes the possibility of a syringe being introduced through the longitudinal axis of the seal 18. The 112(2) was withdrawn, as the claim is clearly limited such that the membrane provides for the possibility of insertion through the longitudinal axis.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert R. Raevis whose telephone number is 571-272-2204. The examiner can normally be reached on Monday to Friday from 5:30am to 3pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hezron Williams, can be reached on 571-272-2208. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
